

## Phil and Marie, March News

### Dear Friends

*Training of trainers (IBGeneva)*

*Thank you from the bottom of our hearts for your prayers during January and February. They have borne much fruit through the launch of the national training in Belgium, the ministry in Valence, the national congress we organised for churchplanters and the trip to Romania to visit the Hungarian churches in Transylvania, where I was accompanied by my son Nathan, who spoke on bi-vocational ministry and the ministry of young men in the Church. The teaching sessions at the*

*Geneva Bible Institute (C1 and C3) and the training of internship supervisors were also supported by your intercession. Thank you as well for protection during the many journeys — the car held up well, even though it now needs a visit to the garage.*

*Nathan et Phil in Transylvania*

*As I write these lines, the trip to England (February 27 – March 1) to present a mission report at Glebe Chapel is still ahead.*

*National Leaders Training Belgium (New !)*

### Outlook for March

For me, Philippe, March will be marked by sustained regional involvement. A gathering by church clusters has been organized in the greater South-East region, and the CFRI (Regional Training Centre for Church plant and Development) in Antibes is moving forward with the completion of several ongoing projects. Various preaching engagements in Provence will also provide opportunities to meet leaders and share the vision of regional networking.

At the national level, I will travel to Paris to present and defend my contribution to the book “3 Perspectives on Adam,” a collective work on the origins of humanity according to the Bible.

### Health

I will undergo a routine examination under general anesthesia on March 5. Thank you for praying that everything will go smoothly and that the results will be good.

## **Main Dates**

27 February – 1 March: Missionary WE (Newent, England)

March 7: Meeting by Church Clusters

15 March: Preaching in Crest (Drôme, Provence)

21 March: CFRI in Antibes (Riviera, Provence)

22 March: Preaching at Le Cannet (Alpes Maritimes, Provence)

25 March: Launch of the book "3 perspectives on Adam" in Paris

Thank you for continuing to pray for the writing of volume 2 of the biblical commentary as well as the launch of the artistic project intended to promote meditation on the Word. I now need help to editate on Youtube and other platforms.

Marie is by my side: present for the launch of the training in Belgium, she also comes to the CFRI to support women in Antibes. She also continues her mentoring ministry with many. Marie remains involved in the Church Council of the CEP in Aix and in the church's women's pastoral care.

The church of the CEP is growing with many new people. From this month, two Sunday services will be necessary. Please pray for larger premises.

Your loyal support is valuable and essential to our ministries.

**Marie joins me in expressing our gratitude to you**

**With love, Phil and Marie**
